

STAINLESS-STEEL CONVEYOR CHAIN

BUILT TO WITHSTAND THE WORST

With fortitude that doesn't waver in the face of intensity, the Richards-Wilcox Stainless-Steel Conveyor Chain is unrelenting. It holds up in the hottest, roughest and most corrosive environments imaginable, while still being easy to maintain. Rugged and reliable productivity is its purpose. Downtime is its enemy.

It withstands the worst so your operations can perform their best.

**ITS STAINLESS-STEEL
DESIGN MELTS DURABILITY
WITH RELIABILITY**

Corrosion Resistant

Easy to Maintain

Heat Resistant

Hygienic

Long-Lasting Chain Life

EVOLVED FROM OUR ORIGINAL HIGH-PERFORMANCE CONVEYOR CHAIN

The new Richards-Wilcox Stainless-Steel Conveyor Chain gives you the same dependability you've come to expect from our original High-Performance Conveyor Chain, accompanied by enhanced resilience.

It's built to excel in demanding, wash-down environments, as well as abrasive, high-temperature, food grade, and finishing applications.

Featuring our signature caged-bearing design, the Stainless-Steel Conveyor Chain achieves optimal performance in heavier-duty systems with OverR-Way™ and patented Twin-Track©, or lighter-duty systems using Zig-Zag© and Inverted Paintline™.

A FEW OF OUR APPLICATIONS INCLUDE:

**Clean Environment
Manufacturing**

Cure Ovens

Dip Stations

Finishing Applications

Food Grade

Order Fulfillment

Washer Applications
